

a hands-on course

11-14 December 2019 | Maastricht | The Netherlands

After the success of the first hands-on course on BigData4Imaging we are pleased to invite your company to participate in the next **course on Artificial Intelligence 4 Imaging**.

This course on Artificial Intelligence for Imaging is a unique opportunity to join a community of leading edge practitioners in the field of Quantitative Medical Imaging. During this 4-days immersive course, you will be able to attend lectures and workshops from world-class experts in Radiomics, Deep Learning, Synthetic Data, and Distributed Learning. You can also bring your own curated dataset with you for the hackathon. If requested ahead of time, we will perform “data matching” for attendees to facilitate external cross validation. There will be ample opportunity to network with faculty members, other participants and companies.

Further information on the course can be found shortly on www.ai4imaging.org

2018 FACTS & FIGURES

With 97 participants, 14 lectures, 3 hands-on session and 3 exhibitors this first edition was a real success. This success we want to repeat for you and with you.

RULES & REGULATIONS

Application

Sponsorship can be booked by completing and returning the enclosed Sponsorship Application Form to the attention of Mieke Akkers at M+, the AI4I Course Secretariat. Applications will be considered on a first-come, first-served basis. In signing the application form, companies declare their acceptance of the rules and regulations.

Conditions

- Because only a limited number of booth spaces are available, the Local Organising Committee will assign booth space on a 'first come, first served' basis.
- A technical manual with detailed information on exact build-up and dismantling times, will be sent to all exhibitors in October 2019.
- Company delegates staffing the booth should register to attend the course. This way they have access to the complete educational programme. 3 registrations are included in the full exhibition experience package.

Terms of payment

- EURO is the only currency accepted for payments.
- Payment in full for the sponsorship is due no later than 30 days after the date of the invoice. In any case the invoice must be paid before the start of the course.

Cancellation policy

Cancellation of sponsorship must be submitted the organisers in writing. The effective date of cancellation or reduction of sponsorship will be the date on which the organisers receive the written notice:

- Cancellation of sponsoring agreement before 1 September 2019: 25 % of the full sponsor costs will be retained.
- Cancellation after 1 September 2019 and before 1 October 2019: 50% of the full sponsor costs will be retained.
- Cancellation after 1 October 2019: no refunds will be made.

Protecting your privacy

We are committed to your data privacy and protection. If you apply to our course as a sponsor you allow us to keep your data in order to contact you with further practical details on this course and to send you the invoice for this course. Your data will only be stored till one month after the course. Unless you gave us the explicit approval to use your data for future courses.
